- **QIC3XH Rubber Gasket** included
- **Water capacity:** 20 gallons
- **1 yr warranty**
- **Made in USA**

830AA Faucet & MSG2424 Wall Guards sold separately

Weighing in at only 26 lbs., this mop service basin is easy to install. Designed and engineered to exceed demanding strength and stress factors required for daily use. It's stain resistant, semi-gloss finish can be reasonably maintained by washing with warm water, a soft cloth and mild liquid detergent. Ensuring that it will not only last the life of the plumbing system, but look good for many years.
